

ORDINARY HEROES™

2019 FINANCIAL REPORT

NEIL CUMMINGS
NATIONAL DIRECTOR

Looking back over last year we can be so thankful for all the wonderful work that Ordinary Heroes™ has been able to be a part of. We have been encouraged by stories of communities receiving practical relief and development support

in the face of challenges and suffering. We have also heard your stories of how you have been blessed as you have engaged with us and supported these projects.

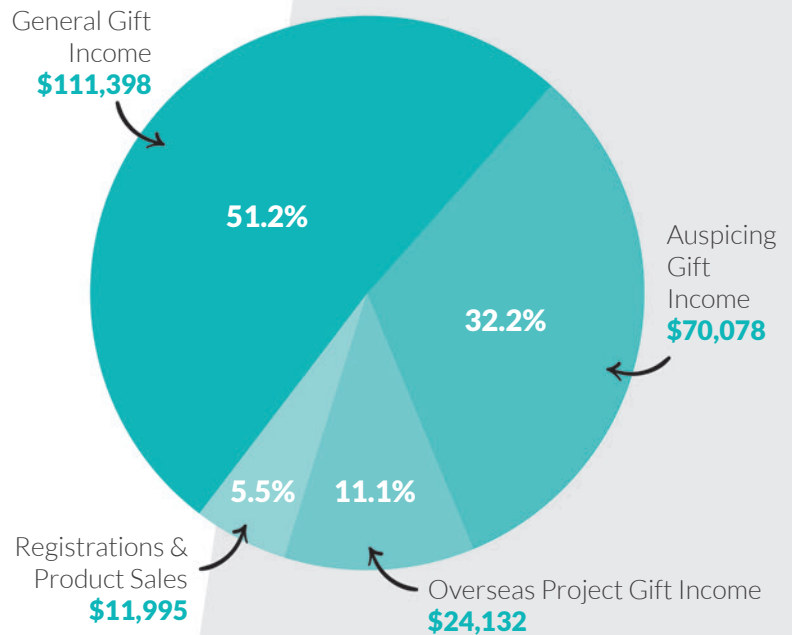

This year also has held a number of changes to our organisation as we have sought to refine our vision and restructure our operations. We want to ensure every part of our work is strategically aligned with our core vision, while maximising support for our partner agencies, who are having a positive impact in local communities that need a helping hand.

Our desire is ultimately to increase our capacity to raise awareness of the needs of the poor and the marginalized, and give opportunities for ordinary heroes like you and I to be able to give our small gifts, which collectively have a huge impact to those who need it most.

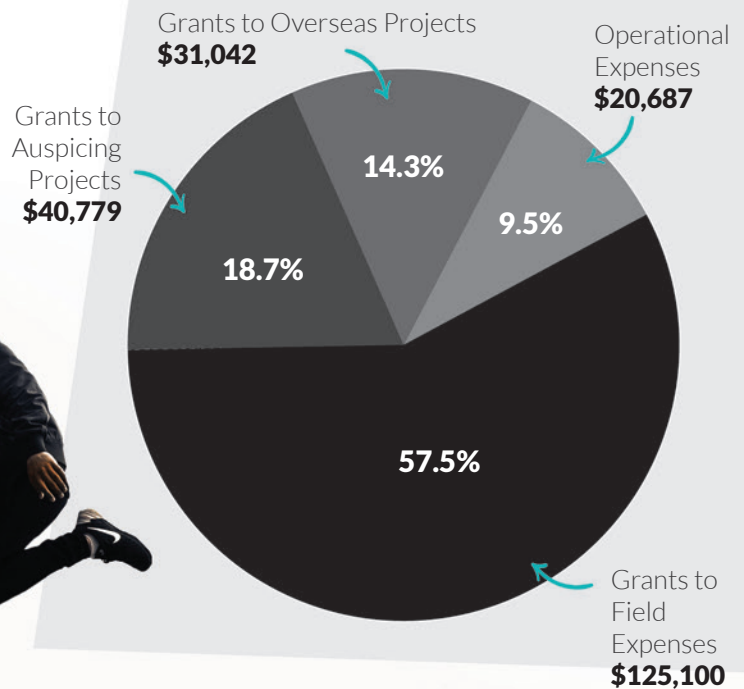

Thank you so much for your support for Ordinary Heroes™, and through us, to all our partners who are assisting communities around the world.
